Our know-how - your advantage

HS 0573 Manual grooving unit, cutting length: 0-230 mm

- for removal of weld beads on PVC-window profiles in transom, cross and angle area by 90°
- stepless adjustable cutting length, separate for top and bottom, **double side** operation
- 2 grooving knives 2.5 mm groove width, 0.4 mm groove depth
- easy operation, handy usage
- other grooving knife variants on request (option)

HS 0576 Universal-manual grooving unit cutting length: 0-380 mm

- for removal of weld beads on PVC-window profiles in an area of 0°-180°
- ideal for special constructions and round archs etc.
- no transom machining possible, as the unit is used from the outside only
- stepless adjustable cutting area, **single-sided** machining
- 1 grooving knife 2.5 mm groove width, 0.4 mm groove depth
- automatic centering directly at the weld bead
- easy operation due to automatic profile height adjustment

MaHa Manual corner cleaning devices

Works single-sided, universally useable for angles from 20° - 180° and arched fittings

- high groove quality, comparable with automatically produced grooves
- no run-off of grooving knife, even with extremely long grooves
- also practicable for the rework of the grooves at the glassed sash
- grooving knife automatically follows slight profile waves (up to 0.5 mm)
- special slide carriage for the tiltable support of standard knives
- warm weld seam needs to get grooved at once
- cold weld seam needs to slightly get warmed up with heater
- incl. 1 grooving knife 2.5 mm groove width, 0.4 mm groove depth - further variants upon request
- max. cutting length 475 mm

Manual corner cleaning device consist of:

- Guidance rack and clamping carriage with adjustment bolt and knurl, grooving knife

HOB Manual grooving device

for manual redoing (grooving) of mitres, for deficiency elimination on site at installed windows.

- including 2 grooving knives, 3 mm groove width, 0.5 mm groove depth

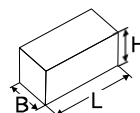

Technical information

12,0 kgs HS 0573
12,2 kgs HS 0576
3,4 kgs MaHa

7 bar
(not with MaHa)

510 x 460 x 320 - HS 0573
820 x 310 x 500 - HS 0576
660 x 225 x 75 - MaHa

Technical data are valid for basic machine without options. Size according to layout.
